Subject: Approval of Notice of Intention to Commence Large Mining Operations and Reclamation Surety, TM Crushing LLC, Talons Cove Mine, M/049/0091, Utah County, Utah

Dear Mr. Baird:

The Division of Oil, Gas and Mining issues the Notice of Intention to Commence Large Mining Operations (NOI) and reclamation surety for the Talons Cove mine. You now have approval from the Division to begin mining operations as outlined in the NOI, but please note that the approval or acceptance of a complete notice of intention does not relieve an operator from his responsibility to comply with the applicable statutes, rules, regulations, and ordinances of all local, state and federal agencies with jurisdiction over any aspect of the operator's mining operations.

The permitted disturbed area is 332.3 acres. The surety will be reviewed periodically to assure that the bond remains adequate.

Enclosed are copies of the signed and executed Reclamation Contract and surety bond forms for your files. Also enclosed is a copy of the NOI stamped approved. Please keep the NOI current by submitting changes using Form MR-REV-att, which is located on the Division's web site at [www.ogm.utah.gov](http://www.ogm.utah.gov).

All future correspondence should reference M/049/0091. Thank you for your help and patience in finalizing this permitting action.

Sincerely,

Dana Dean, P. E.  
Associate Director of Mining
